DETAILED ACTION

Conclusion

This application is in condition for allowance except for the following formal matters:

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1, the phrase "in the case" renders the claim indefinite because it is unclear whether the limitation(s) following the phrase are part of the claimed invention. See MPEP § 2173.05(d). The Examiner suggests canceling "in the case that said organ is the cervix uteri" at the end on the claim and replacing "an organ" in the third to the last line of the claim with "a cervix uteri".

Allowable Subject Matter

Claims 3,5,8-17 and 50 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Specification

Claim 51 is objected to because of the following informalities: Claim 51 is dependent from claim 1 but does not further limit the independent claim, because the organ is not limited to

Art Unit: 3738

the "cervix uteri". Appropriate correction is required. The Examiner suggests canceling this claim.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
